Comments: All throughout growing up Porn was accepted all around me. I remembered one of my mom's ex boyfriends who had a fascination with it. When i was in high school, all of the girls were wearing the playboy bunny logo on everything. I never really paid any attention. Well, when I turned 21, i met this guy, Josh. I moved in with him and i lived with him for about 8 months. At first things were great between us. But one night, his friend from across the hall came over. This guy brought up the topic and was saying that if you have a girlfriend, it's okay to check out other women, and to look at playboys and such. This really hit me the wrong way. I went off. I stood there arguing for hours. What made it worse was that my so called boyfriend was taking his side! So here I've got this guy telling my boyfriend how to treat me, and my boyfriend telling me he's right! After that point in the relationship, I was just repulsed by him. I didn't want him to touch me. he turned out to be quite the alcoholic, and one night he tried to rape me. He was pretty much forcing himself on me and I had to struggle really hard to get him off of me, to me that constitutes as attempted rape. (one of the 3 attempted rapes I've been through in my 22 years)

>>  07/29/06(Sat)01:28:05 No.10918055

I continuously struggled afterwards with him flirting with women in front of me and picking fights with me about porn. what the real red flag was, was that He would argue his way on top, and would put the blame on me. "I was being too sensitive", I "need to pick my battles". At this time, part of me wondered if he was right because everyone else told me that that's normal guy behavior. One day when he wasn't at home, i got on the internet and found this topic on

stop bitching and call the cops or something

Comments: It is the first time in my life I turned to Internet to find relief. I HATE PORNO. I HATE IT. And for a long time I thought I was the only one. When I was 15 years old I was abused by a man. After he was done with me he said "When you grow up, you will be a very sexy chick." I did not tell anybody, I just lived with it. I got isolated from most people and focused my life on school and good grades. When I was 16 I met a Arab Muslim man. He was very religious and seemed to care for women and respect them. He made me feel comfortable about myself and soon we moved in together. Well, guess what, he turned out to be the worst pig out there. He cheated behind my back, and he made me watch porn with him. Soon, just watching porno was not enough. He wanted me to bring my girlfriend over so that "we all can have fun together." "So much for good Muslim man," I thought. I did not do anything like that of course. I just cried and asked him to stop. Well, I got over that relationship. But I hated myself, I thought that I was ugly and that no one else will love me.

LOL!!!!

"I still had some faith in male race. I met person who is now my husband. I told him in the very beginning what happened to me. I told him how it offend me and how much it hurts me. He said "I can't believe somebody will do such a thing to you. You are beautiful, you are wonderful. You are my little princess!" It felt good. We got married. We have been married for 2 years now. In the first weeks of marriage I learned he loves to spend time with computer. I was mad. he would not do anything with me, he would just sit there and look at the stupid screen. For some reason until 2 Or 3 month ago, I was never curious what he is looking at. Then, I needed some files on his computer, and I accidentally opened his history. There were hundreds links to porno sites. I felt devastated. I started to look in favorites, search file. His computer was full of that @#%\$!. There were literally thousands of link, girls, wet pussies, big breasts...2 years of our good, faithful, clean relationship were a LIE. When I aksed him why his was watching that, he said that he likes big breasts and I don't have them. @#%\$!!! Did not you see I did not have big breasts when you were marring me. WTF!!! I cried, I begged to stop!. He said he would. Bull @#%\$!! Everytime I looked at his computer, there was ton of porn there. o make thigs worse, I found plastic or whatever the hell tey are made from vaginas at his closet. His excuse was that there are vaginas of famous porno stars and they worse a lot of money."

most of these cunts complaining on that site are probably ugly and fat.

I wish I could make them understand that the reason their partners "cheat" on them with porn, is because they no longer find them attractive, and that it is their own fault for not staying in shape, acting sexy, and keeping their mans attention.
