I say let Israel keep its land and the West back them up with money and arms. The muslim countries will all focus their anger on Israel which will keep their populations from overthrowing the pro-West dictators that keep the oil running. We'll allow the civilians of the West to protest Israel's actions but we'll temper it with historical guilt of WW2 and evengelical interpretations of a lesser gospel. This way we can help our economies, keep the middle-east a non-threat, and ease our consciences about the whole thing.

What, that's already happening? Radical. Don't expect it to change anytime soon.

Maybe it's because the Muslims were the ones to start the shit in 1948? Maybe the numerous attempts to invade Israel and wipe everyone there out over the last 60 years? The constant terrorist threat that Israel faces? Or maybe because Hezbollah were the ones who kidnapped the Israeli soldiers. Do you think that might be a reason?

Israel can do what it wants because of the cockmongling Christians in the U.S., who are masturbating like baboons on PCP right now because JEEESUS IS COMING. Both parties have Israel's dick a mile up their collective colons. Oddly enough, a lot of American jews find this aggravating and wish Israel would quit it. They live close enough to the Jesus Temple of the Gospel People Full of Witness to know that the Jesus freaks have no use for jews except as a means to an end--the end of the
