/b/rothers, a modest proposal:

Some of you might know of Tranquiltiy Bay, or other similar programs that consist of brainwashing, cultlike, gulags which do nothing but break down and attempt to 'modify the behavior' of the children and teenagers within. Basically, brainwashing.

Now, this place, a leftover of "STRAIGHT INC" from the 80s, is still busy doing such things. But I doubt you care about teenagers being brainwashed or abused, but, the bitch who runs it looks just like KYLES FUCKING MOM FROM SOUTHPARK.

So, does anyone wish to organize a /b/lockdade? a few hundred 'fros would be able to easily break in and break out the people within, and carry off Kyles mom and dump her in a ditch.

PROGRAM'S CLOSED.

Ideally Id like to go straight to the source and Raid Tranquility Bay, complete with a guy going "HOORAY /b/EER!" but Id have to be independnatly wealthy and fly over a few nigras.

Should I become rich, I shall, rest assured.

But, we should start small, and work our way up. Do any /b/rothers live around orlando or in Florida? Any /s/isters who'd come in a "kyles mom" beehive would get bonus points.

However, at any rate, the ideal time to protest would be while the kids are outside to be taken to 'host homes' and some might run for a protest line. Should someone tackle said kid and beat him up to throw him in a van against his will, we'd have an excuse to rush, and do our best - /b/lockading the parking lot and the doors to the cars.

Or, just /b/lock them in the building. See video for details. If anyone wants to find out about host homes or how it works, google for 'straight incorporated'.

OP'S TIPS FOR GREAT JUSTICE.

1.Install codec.

2.Open Media Player classic, or leave it open if it "cannon render file".

3. Type in ctrl + O, or file > open file. In the OPEN: field, cospypasta "http://fornits.avigation.net/anonanon/video/wami.ram" in and click ok.

4.Wait, and then enjoy american psycho-brainwashing for great justice and lulz at Kyle's mom.

Also: places like this are all over the usa, Tranquility Bay is like the only place NOT in the USA that works that way. Googling for WWASPS or Provo Canyon School or CEDU or a trip to www.isaccorp.org is a good way to find out more.

Just in case anyone's interested.

"This is the shocking video documentary Tranquility Bay - WWASP Behaviour Modification Camps (2005) which exposes the private reform-school industry for wayward American teens and the unhappy parents who are increasingly speaking out about the tyrannical practices in these institutions which claim they will turn "problematic" kids into "perfect" ones and will do whatever it takes to reach that goal. The use of food deprivaion, isolation, guard sadism and everykind of other abuse including rape has all been occuring during the years as various camp survivors have finnally spoke out - all with good intentions offcourse to change the "wrong" behaviour of kids."

Go to <http://indypeer.org/forum/viewtopic.php?p=1096&sid=17db1e00514d71c9168f40cff4bda8adb> for information and (untested) hash.

I posted that video on google a long time ago. It got pulled by the french guys who made it. Why? They want to make money off of it.

Watch the whole video, read up the links about how places these work that litter the thread, read up on STRAIGHT INC. www.thestraights.com (which this is just a spinoff of) and dont speak until you know what you're talking about.

The fact that they sucked in the 'patient''s sister by mere association and did the strip search + bullshit 'motivating' should tip off how fishy it is from the get-go. I guess they dont mention 'relating' after youre called on when motivating in the program, do they?

This is relating: the asshat who leads it goes "I got so high/drunk I did _____". And if you dont have a real story to relate to, you MAKE ONE UP. That shit wears you down doing it 12 hours a day for months. Even if its bullshit like "I got so drunk I fucked a dog you HAVE To make up a story just like that, then everyone picks at you for it, then they say "BUT WE LOVE YOU!" and then they call on someone else and you have to tear them a

new asshole verbally, too.

Well, or you could get 'restrained' for being 'out of control', which is basically getting ganged up on, slammed on your face and having your arms twisted for a few hours in submission holds.

Oh, thats perfectly fucking fine isnt it.

Ive been at this two years, youve been trolling for 20 seconds.

I ahve had gay shit like that happen to me once.

Different setting, kinda.

Had to do some "therapy" at some, treatment place, they said I was mentally unstable, the reason being I yelled at some jackass teacher, never seen that happen.

Anyways, during this "therapy" they start saying how I probably attack other people in my household, like my mom, which I never would and state several times.

After about 5 or 6 people they begin to do it all, AGAIN!

Well at this point I was fucking pissed, as most people would, it had been close to an hour, and I started to yell, "Look! Do any of you know me? Do any of you know why am I really here? Do any of you know if I have ever done any other crimes?! Why would me yelling at an asshole result in everyone believing I will attack my own mother!"

Well at this point, they had been proven wrong, so they say I have gone out of control, and have 3 men twice my size, or what looked it, come to "restrain" me.

After about five minutes of them holding all my limbs down, they begin to lighten up, so basically, I get them off me, somehow, I dunno, some sort of "OMG DBZ!!!!!!11one" moment or some shit, but I didn't make them go far, hit one in the face, he started to what looked like cry, then they all get on me and fracture my arm in 5 places.

Needless to say, I get charged will all of this, and the police do not believe anything of what i said, despite they have cameras, which were most likely off or just switched the tapes.

Was in there 2 days before the judge sent me home. What a shitty summer.

The kids probably deserved it anyways. Anyone who gets into that program obviously has issues and belongs there. Why would they get accepted otherwise?

The owners have the kids best interests in mind. If the kids aren't fixed and tuned now, they'll break down later in life. We have to treat kids like cars, because if we don't, they'll grow up all shitty. Or something.

Anyways, ban everyone.
